

USER MANUAL

1. Once you Install the Application, go to Menu and Select the SmartKids application.

2. There will be two Options :-

- Learn Alphabet
- Poems

3. On Selecting Learn Alphabet option , you will get a Screen which shows Draw Alphabet , where you have draw any Alphabet from A to Z (Capital or cursive alphabets).

4. While drawing the Alphabet, greate care must be taken so that the Alphabet must be dran with continuous stroke. ie. Without removing your finger from the screen.

NOTE : If not done in a continuous stroke, the alphabet will not be detected.

5. After drawing an alphabet , the next screen will display an image related to the alphabet and an audio corresponding to the same will be played.

6. If you wish to go back to the previous menu, click the back button on your phone or the back button provided in the app.

7. When you select the poem option , you will see a list of poems from which you can select any one.

8. Selecting a poem, will take you to the corresponding poem and the poem will be played back in audio format in the background.
